WELCOME

We are pleased to have you here for another school year and hope that it is a successful year for everyone. We have put together this student handbook and agenda to acclimate parents and students in the day-to-day operations of Ontario High School. The front section of the Agenda has the building handbook, which contains information regarding schools' rules, schedules and basic operational guidelines per **Ontario Local Schools Board Policy and Bylaws**. Please review this with your student(s) so you can help familiarize them with our expectations.

III. VISITORS/LIMITED ACCESS:

VISITOR'S PASSES

To avoid unauthorized persons obtaining access to students or teachers, all visitors must stop and register in the main office. This is a security measure that enables us to extend privileges to deserving persons and deny access to those who have no business in the school and who may disrupt our school activities. Persons found in the halls without registering in the office may be escorted out of the building. Arrangements should be made in advance for individuals to visit the school. Unless a person(s) is authorized to be on school grounds, they may be asked to leave at any time. Transportation from school by someone other than a parent or guardian may be denied. Parental consent will be considered a factor in permitting this; however, the administration retains the right to deny access by any unauthorized personnel.

LIMITED ACCESS

The main entrance to each building in the Ontario Local School District now has "Limited Access Control" that is monitored by school personnel. The "Limited Access Control" is being done to further enhance the safety and security of the children.

The procedure that is to be followed when entering one of the Ontario Local School buildings:

1. Enter through the first set of doors to go to the vestibule area.
2. Once in the vestibule, you will see the buzzer placed on the wall or door frame. The buzzer is a gray box with a red button.
3. Press the buzzer in the vestibule and you will hear a response from school personnel.
4. The individual who responds will ask you to state your name and reason that you are wishing to enter the building.
5. If approval is granted, you will be asked to go directly to the office to sign in and gain a visitor's pass.

V. ATTENDANCE

ABSENCES (PROCEDURE ON 10/20 DAY ABSENCES)

The student has the responsibility for making up any classroom time missed over the allotted ten absences per semester course or twenty absences per year-long course. Methods of make-up must be cleared through the counselor's office and with the classroom teacher. A student may make up hours in Friday School if cleared by the guidance office. In most cases, tutoring from a certified instructor at the expense of the student will be required.

After arrangements for making up the lost time in the classroom have been made with the classroom teacher and the guidance office, an incomplete grade will be given if necessary for a period of time not to exceed two weeks. At the end of the two weeks, the grade will be resolved or transferred as an "F" grade. No incomplete grade because of lack of classroom attendance will extend beyond June 15 of that school year.

DAILY ATTENDANCE

In compliance with the law, it is necessary for us to have contact with all homes when students are absent from school. Therefore, we request your assistance in dealing with this most important matter. We ask that you, as parents or guardians, notify the school on the day your child is absent by **8:00 a.m.** unless previous notification has been given in accordance with school procedures for excused absences. Our attendance number is (419) 755-2000. If you do not notify the school of the absence, the principal or his designee will attempt to notify you by telephone. If it is not possible to reach you by telephone after three attempts, a written notice will be mailed to you. We appreciate your cooperation in dealing with this matter.

For participation purposes, athletes must be in attendance for one-half of the school day (Friday for Saturday participation) unless previously excused by the administration. Refer to the Athletic Policy.

Absence excuses must be written for any student legitimately out of school, regardless of whether or not parent contact was made on the date of the absence. This written notice must be on file in the high school office within 24 hours of the date of student's absence. If a student fails to bring in a note within 24 hours, the student's absence will be considered unexcused (unless otherwise stated by an administrator). The consequences of unexcused absences are that the student receives a zero for the day's work and is not permitted to make up the work missed. Daily attendance procedures will be handled by the first period teacher with the exception of special excuses and tardy arrivals to school after 8:15 (see Tardiness and Leaving School during the Day). Students are responsible for all missed work. Reasons for acceptable absences are 1) acts of God, 2) death in the family, 3) personal illness (medical statement may be required), 4) quarantine for contagious disease and 5) illness in the student's family.

Other absences require prior approval or will be considered unexcused.

Teachers may give homework assignments, but the students will not receive credit for those assignments during an unexcused absence period. Students with five or more unexcused absences will be referred to the Richland County Attendance Officer.

Parents are encouraged to arrange medical and dental appointments outside of school hours. Students excused for medical appointments are required to provide the office with a medical excuse from the doctor.

State statutes strictly control school attendance. Each unit of credit offered in a high school is also controlled by the number of hours which must be spent in the classroom before credit can be awarded. Thus, the following policy will be enforced before any credits are issued in any of our courses: 1-year course, 1 credit - maximum 20 class absences; 1/2-year course, 1/2 credit - maximum 10 class absences. Please note that these are class absences. Credit will not be awarded if absences exceed these maximums. Students who exceed these maximums and temporarily lose credit may need tutoring from a certified instructor at a cost to the student. The 10-day/20-day policy for credit does not waiver attendance laws. Excessive absences will be referred to the Attendance Officer and may result in the loss of the student's driver's license.

The Richland County Juvenile Court has revised the guidelines for truancy cases in Richland County. Truancy from school is based on the number of hours not in attendance, a warning letter may be sent by the high school office. After 32.5 hours of unexcused absences, the parents may be ordered into a parent education program designed to deal with truancy issues. If the parents refuse to attend, they may be ordered into an unofficial hearing. If this fails, the parents and the student may be ordered into an official hearing. In this instance, the parents and student may be fined and forced to post a bond. The student may be placed on probation, placed in detention, or both. The parent, in extreme cases, may be jailed.

COLLEGE AND MILITARY VISITS

Students may schedule two (2) days for college or military visits during their high school career. The forms for these visits are available in the Guidance Office. To be considered as excused absences, these forms must be completed and returned to the Guidance Office at least three (3) days in advance of the visit.

LEAVING SCHOOL DURING THE DAY

Anytime it is necessary for the student to leave school during the day, please send a note to school with him/her stating the time you wish the student to be excused. These notes must be brought to the main office before 7:49 a.m. so that they will appear on the special excuse list for teachers. Students who do not have such authorization but still must leave during the day may do so by securing verbal permission from parents. We will call the home or place of business prior to excusing students under such circumstances. Each student excused from school will be given an excuse slip from the office. **Excuses to leave will only be granted from 7:30 a.m. to 7:49 a.m. in the morning except for illness or legitimate emergencies. Leaving school because one does not want to attend a school sponsored activity is not an acceptable reason and permission to do so will not be given.**

Students who leave school without permission will be considered truant.

LOSS OF DRIVER'S LICENSE

State laws may affect your driving rights in Ohio. Schools are required to notify the Registrar of Motor Vehicles and the local juvenile judge of the following:

1. Habitually truant
2. Withdrawal from school under eighteen (18) years of age
3. Suspension/expulsion related to drugs.

MEDICAL STATUS

Students who are absent for ten (10) days during the school year, excused or unexcused, will be placed on medical status. At this point, only a doctor's statement or hospital record, court excuses, death in the immediate family, or an administrator's approval will be accepted within 24 hours of the student's return to school. Parents of students with chronic medical conditions should contact an administrator and/or attendance office.

After ten (10) absences, those absences not covered by a doctor's excuse, court excuse, death in the immediate family, or administrator's approval will be processed as unexcused. The consequences of unexcused absences are that the student receives a zero for the day's work and is not permitted to make up the work missed.

TARDINESS

Tardiness is generally a problem to be corrected by the student. If the student cannot correct his or her habitual tardiness, an administrator will intervene and may make calls to parents when necessary. With the parent's cooperation, we trust the problem will not continue. Students arriving late to school (after 7:49 a.m.) must first report to the office to obtain a tardy slip.

1. Each period, teachers will record tardies on attendance slips.
2. Student tardies will be recorded in the office.
3. Unexcused Tardies "to school" and "to class" combined count toward Friday School.
4. Excessive tardiness will be dealt with in the following manner:
 - a. Students will receive written notice of tardies after their third tardy.
 - b. 5th and every 5th subsequent tardy may result in a Friday School.
 - c. Subsequent tardies may result in additional Friday Schools or Suspension.

TRUANCY

1. When a student is truant from school or class, he/she may: Be assigned Friday School(s), suspended or other action as deemed necessary by the administration. Parents will be contacted and the student may be referred to the guidance department for counseling.
2. The second incident of truancy he/she may: Be assigned Friday School(s) or other action as deemed necessary by the administration and referred to the Attendance Officer
3. The third incident of truancy of a student he/she may: Serve Friday School or other action as deemed necessary by the administration and receive court referral papers for truancy.

VACATIONS

We request that parents make every effort to take vacations during the summer months. However, if an out-of-town trip is necessary during the school year, arrangements **must** be made with the High School office at least three (3) days in advance so that assignments and make-up work can be arranged. Assignments are due within two days upon return to school.

VI. DISCIPLINE, POLICIES & PROCEDURES

POLICY AND PROCEDURES

In order to insure a positive learning environment, it is necessary for students to abide by a uniform code of conduct to keep distractions at a minimum. It is the intent of Ontario High School to abide by all due process procedures in the administration of discipline as provided for each student in state and federal law.

When subject to disciplinary action, the student will be informed of the **intent** to suspend (or whatever the appropriate disciplinary action may be) and the reason for the suspension. The student will then be given the opportunity to explain his/her side of the story and state why he/she feels the disciplinary action should not take place. If at this time the administrator feels there is still sufficient cause to administer the discipline, the suspension will be given.

There is an appeal process for discipline of which students and parents should be aware, and it is available for a reasonable time after the discipline is given. Appeals must be heard by someone other than the person who gave the discipline, although he/she may be present at the appeal hearing. Whenever a disciplinary action takes place, the appeal will go up to the next step from where it originated. Appeal hearing requests may be made by contacting the principal in writing or by phone. The principal should always be contacted, even if the appeal is a result of a disciplinary action from his office. The appeal hearing will be scheduled with the Board of Education or its designee.

The following actions may result for violations of the student conduct code

1. **Detention(s)**: (before or after school) these may be given by either an administrator or a teacher and will be supervised by the person giving the detention. Lunch detention may be assigned by the administration.
2. **Friday School(s)**: Assigned by the administration. Friday schools are served at the High School from 3:00 p.m. to 6:00 p.m. on designated Fridays. Students that choose not to serve their Friday School will be assigned additional disciplinary consequences.
3. **Out of School Suspension**: Assigned by the administration. The student will be removed from the building for a period not to exceed 10 days and may be implemented into the next school year. While suspended, the student may not be on school grounds or attend any school-sponsored activity. The student also loses credit for any work done/due during the suspension.
4. **Expulsion**: Recommended to the superintendent by the principal whereby a student may be removed from the building and grounds for up to eighty (80) days or to the extent determined by state law. During this time the student loses credit and is not permitted to attend any school functions or be on school property.

5. **Appeals:** Questions or concerns regarding discipline should always be addressed first with the school personnel initiating and/or imposing the consequence. Once all facts are known, further concerns may be appealed to the Superintendent.

Expulsions may be for a maximum of eighty (80) days but up to one year for bringing a firearm or knife to school. The superintendent may also permanently exclude a student in accordance with Ohio law. This code of conduct pertains to all school activities, including co-curricular and extra-curricular activities both on and off of school property, and specifically including conduct on Board-owned or chartered buses or other motor vehicles. This confirms that students come to school for an education, and the school will provide a wholesome atmosphere for a positive learning experience. The code of conduct is an attempt to list the main violations and the penalty for each, but other acts not listed could be disciplined if the act is disruptive to the educational process, hinders other students learning or is deemed inappropriate for a school setting. Students aiding or abetting another student in the commission of any school violation may receive a penalty equal to the violation or attempted violation.

GUIDELINES FOR THE OPERATION OF FRIDAY SCHOOL

1. Friday School will meet from 3:00 p.m. until 6:00 p.m. The student will go directly from their last period class to Friday School. No one will be admitted after 3:00 p.m.

Students may also be subject to disciplinary action for violating these guidelines at school-sponsored activities, regardless of where they take place.

VII. GUIDANCE DEPARTMENT

The guidance counselor is available to help students with academic, group and personal issues. Individual and group sessions help students develop self-awareness, self-understanding and provide information about how their actions affect others. Students are encouraged to build on their strengths and cultivate new skills to help them deal effectively with adolescent issues and their increasing responsibility for themselves. Students are helped to set goals and monitor their progress toward them.

The school guidance counselor also gathers and dispenses information that will help students devise and carry out educational and vocational plans. The well-being of each student requires a combined effort of home and school. Therefore, we value open lines of communication with parents.

Students may visit the guidance office during study hall or with the permission of a classroom teacher. All conversations are held in confidence. If at any time we feel the student being seen or others may be at risk of harming themselves or someone else, parents will be contacted. Parents are also encouraged to contact the guidance office when they have concerns or information of which the school should be aware for the benefit of their child or others.

SCHEDULE CHANGES

Students will have an opportunity to make any adjustments in their schedules prior to summer vacation. Schedule changes required because of course failures will be made by the guidance counselor as soon as final grades are known. Students having questions or needing to make adjustments to their schedules are expected to talk to their counselor prior to the start of school. Once school is in session, students are expected to follow their schedule until they meet in conference with their Counselor. Students must take the responsibility to ensure that they have made proper course selections.

CREDIT FLEXIBILITY

The Board of Education recognizes that an effective educational program is one that provides opportunities for students to customize aspects of their learning around their respective needs and interests. Credit flexibility is one method to motivate and increase student learning by allowing access to more resources, customization around individual student need and use of multiple measures of learning. Credit flexibility shifts the focus from "seat time" to performance. Students can earn units of high school credit based on an individually approved credit flexibility plan. The intent of credit flexibility is to meet increased expectations for high school graduation in response to globalization, technology, and demographics, and to meet the demand for 21st century skills. Any questions please see your guidance counselor.

CREDITS NEEDED FOR CLASS STANDING

Sophomore	5 credits
Junior	10 credits
Senior	15 credits
Minimum Graduation Credits	21.5 TOTAL CREDITS

CREDIT RECOVERY

Opportunities are available to repeat a course or pass a course previously not passed. In the event a student does not pass a core subject needed for graduation, opportunities are available to repeat a course during the next school year. Other options may include coursework completed through the Keystone Credit Recovery Program and courses completed through the Credit Flexibility Option. Any questions please see your guidance counselor.

EXAM EXEMPTIONS

Any student who is enrolled in a course where there is a state-required **End of Year Assessment (EOY)** may take advantage of one of the following two options:

Option 1:

Exempt out of the Semester and/or Final Exams. A student who chooses this option would receive a semester exam grade equal to their first and second quarter average and receive a final exam grade equal to their third and fourth quarter average.

Example: 1st Quarter 90% + 2nd Quarter 96% = 93% Exam and Semester Average

Option 2:

Take the semester and/or final exams in order to improve their year-to-date average in that course. The student would receive the higher of the two exam grades--the exam grade or the semester average.

WARRIOR ACADEMIC EXAM REWARDS

3.5 Grade Point Average and Above:

Students receiving a first quarter G.P.A. of 3.5 or above and/or a 3.5 year-to-date G.P.A. or above for the first three quarters would be able to exempt from any **three** semester and/or final exams. Students would receive the semester grade as their exam grade. Proper paperwork needs to be on file in the guidance office one week prior to semester or final exams. Forms can be obtained in the Guidance Office.

3.0 Grade Point Average and Above:

Students receiving a first quarter G.P.A. of 3.0 or above and/or a 3.0 year-to-date G.P.A. or above for the first three quarters would be able to exempt from any two semester and/or final exams. Students would receive the semester grade as their exam grade. Proper paperwork needs to be on file in the Guidance Office one week prior to semester or final exams. Forms can be obtained in the Guidance Office.

2.5 Grade Point Average and Above:

Students receiving a first quarter G.P.A. of 2.5 or above and/or a 2.5 year-to-date G.P.A. or above for the first three quarters would be able to exempt from one semester and/or final exam. Students would receive the semester grade as their exam grade. Proper paperwork needs to be on file in the Guidance Office one week prior to semester or final exams. Forms can be obtained in the Guidance Office.

If the credit to be earned is in English, an additional ten hours is necessary to fulfill the research paper requirement. The building administration must approve all tutoring for credit and the tutor as well.

VIII. TECHNOLOGY

Ontario High School recognizes the opportunities available through the use of computers and other technology, and we encourage the appropriate use of it.

GUIDELINES FOR THE USE OF USB DEVICES ON SCHOOL EQUIPMENT

1. Items stored on USB devices must conform to the Ontario Local Schools' Acceptable Use Policy.
2. A student is required to surrender his/her USB device to any teacher or administrator who is suspicious of its contents. If any content violates the Ontario Local Schools' Acceptable Use Policy/ Code of Conduct, the student will be held accountable. Based upon suspicion of a violation, school personnel may, at any time, review all content on a USB device. If any criminal content is located, this may be reported to law enforcement and result in criminal charges.
3. Students must have permission from a teacher or administrator before using a USB device on school equipment. A staff member must supervise when a student is using a USB device.
4. USB devices used on school computers will be solely for educational purposes. The use of USB devices with a school computer is a privilege. It is a violation of these guidelines to transfer unauthorized information or images from a USB device to a school computer.
5. We do not guarantee that every brand of a USB device will work on school computers.
6. Keeping the USB device and its data secure is the responsibility of the student. The district assumes no responsibility for loss, theft, damage, or data loss of a USB device.
7. Any files transferred using a USB device are subject to all copyright laws, as well as the Ontario Local Schools' Acceptable Use Policy / Code of Conduct.
8. Students will be advised to use flash drives no larger than 1GB.
9. Software utilized on USB devices that violates or alters school filters / software is a violation and could result in criminal charges.

WIRELESS COMMUNICATION DEVICES

Students may use wireless communication devices (WCDs) before and after school, during their lunch break and in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment during/after school activities (e.g. extra curricular activities) or at school-related functions. Use of WCDs, except approved laptops and PDAs, at any other time is prohibited and devices must be placed on vibrate or silent mode.

Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher and/or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school while

attending a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school year.

WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.

No expectation of confidentiality will exist in the use of WCDs on school premises/property. Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Board Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using their WCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex, sexual orientation, age, disability, religion, or political beliefs; and (2) send, share, view or possess pictures, text messages, e-mails or other materials of a sexual nature (i.e., sexting) in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information. Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy or otherwise engages in misuse of this privilege.

7540.03 - STUDENT NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The Board of Education is pleased to provide Internet services to its students. The District's Internet system has a limited educational purpose. The District's Internet system has not been established as a public access service or a public forum. The Board has the right to place restrictions on its use to assure that use of the District's Internet system is in accord with its limited educational purpose. Student use of the District's computers, network and Internet services ("Network") will be governed by this policy and the related administrative guidelines, and the Student Code of Conduct. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have no right or expectation to privacy when using the Network (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the Network).

Pursuant to Federal law, the Board has implemented technology protection measures, which protect against (e.g. filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline. *View Acceptable Use Policy: www.ontarioschools.org, Board of Education, Bylaws & Policies, 7000 Property, 7540.03 Student Network and Internet Acceptable Use and Safety
